USER GUIDE

# **PROGLOSS STEAMCARE**

CERAMIC STRAIGHTENER

ST-1600-AU

## IMPORTANT SAFEGUARDS

- This appliance can be used by children aged from 16 years and above. Persons with reduced physical, sensory or mental capabilities should not use this product. Persons with lack of experience and knowledge can use the product if they have been supervised/instructed and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be done by children unless they are older than 16 and supervised. Keep the appliance and cable out of reach of children under 16 years.
- **WARNING:** for additional protection the installation of a residual current device (RCD) with a rated residual operating current not exceeding 30mA is advisable. Ask an electrician for advice.
- Always ensure the voltage to be used corresponds to the voltage stated on the unit before plugging the appliance into the mains socket.
- THIS APPLIANCE SHOULD BE UNPLUGGED FROM THE MAIN SUPPLY WHEN NOT IN USE.
- **WARNING:** When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off. It should not be used near bathtubs, basins or any other vessels containing water.
- This appliance must not be used outdoors.
- When the appliance is connected to the power supply, never leave it unattended.
- Burn hazard. Keep appliance out of reach from young children, particularly during use and cool down.
- Before use the appliance, put back the detached part and make sure the appliance is properly assembled. Please read the instruction manual carefully for the correct usage.
- Avoid allowing any part of the appliance to come into contact with the face, neck or scalp.
- Do not use the appliance while drowsy or sleeping.
- Do not leave the appliance unattended while plugged in.
- Do not set the appliance down while still on.
- Do not operate with wet hands.
- Do not place the appliance on any soft furnishings or materials e.g. carpet, bedding, towels, rugs etc.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not let the cord hang over the edge of a table or counter or let it come into contact with any hot surfaces.
- Do not carry the appliance by the power cord.
- Do not wrap the cord around the unit. Check the cord regularly for any sign of damage.
- If the power cord becomes damaged, discontinue use immediately and return the appliance to your nearest authorised service dealer for repair or replacement in order to avoid a hazard.
- Do not use the appliance if it is damaged or malfunctions.
- Do not use attachments other than those supplied with this product.
- Do not take the appliance apart. There are no serviceable parts inside.
- Let the appliance cool down before cleaning and storing away.
- Unplug this appliance before filling. Fill (reservoir) with water only.

1. Floating ceramic plates
2. Steam apertures
3. Water tank
4. Water tank lock/unlock lever
5. Plates lock/unlock lever
6. Temperature control button
7. Power button
8. Non-slip heat proof silicone mat
9. Lock in moisture

## STEAMCARE

The Professional Steam Ionic Technology of your new SteamCare straightener will give you faster and smoother results while reducing colour fade. The clever "Lock In moisture" system comes with 3 settings – no steam/ low steam/ high steam for versatility in styling whatever your hair type or length.

The advanced intelligent heat control - ranging from 150°C to 230°C - that continuously regulates the temperature of the ceramic plates will leave your hair with minimum damage and give you maximum control while styling.

## PROGLOSS™ SUPER SMOOTH OILS

Every product in the Revamp haircare range is infused with PROGLOSS™ SUPER SMOOTH OILS - enriched with Argan, Keratin and Coconut for ultimate smoothness and shine.

## INSTRUCTIONS FOR USE

- Before use, ensure the hair is clean, dry and tangle-free.
- For extra protection, apply a heat protection spray.
- Section the hair prior to styling. Style the lower layers first.
- Plug the product into a 220-240V mains power supply.
- Fill the water tank of your straightener. Unlock the water tank using the lock/unlock mechanism on the top of the straightener (A). After removing the tank (B), lift the black silicon tab and fill the tank with water. Replace the tab after filling the tank and re-attach the tank onto the unit.
- **IMPORTANT:** Filtered water should be used to fill the water tank within your SteamCare straightener.
- Select your chosen settings by turning the dial (C) on the bottom of the straightener: no steam/ low steam/ high steam according to your hair type or length.
  - For thinner, shorter hair we recommend the "low steam" setting
  - For thicker, longer hair we recommend the "high steam" setting
- Press the on/off button to switch on . The default temperature when the product switches on is 210°C.
- **IMPORTANT:** A small amount of water may spray through the five small apertures on the top ceramic plate when the straightener has just been turned on, if the steam settings have been selected
- On average, for a typical user, styling their hair for 30 minutes, the WATER TANK needs to be refilled:
  - On a High steam setting: every 6 uses
  - On a Low steam setting: every 12 uses
- Use the touch temperature control + and - buttons to select your desired temperature manually. We recommend using a lower temperature to start.
- The temperature indicator LED will flash until the hot brush is ready to use. When the hot brush is ready to use, the LED will remain static.
- Working on one section at a time run the straightener through the entire length of the hair from roots to ends, without stopping. Use a comb while straightening for even straighter results.
- Repeat this process all over the head, allowing hair to cool before combing through.
- This is a very efficient product that doesn't require a lot of steam to be effective. Please do not expect steam to be visible at all time.
- After using the straighteners, switch off, unplug, place on your REVAMP heat resistant mat and allow to cool before storing away.
- For ease of storing, the straightener plates can be shut down together by using the lock/unlock lever as show in the Features section.

**Follow us on [www.revamphair.com.au](http://www.revamphair.com.au) for the latest hair tips and advice.**

**Please note:**

- This is a very efficient product that doesn't require a lot of steam to be effective. Please do not expect steam to be visible at all time.
- Regular use of styling products may deteriorate the surface coating over time.
- Do not scratch the surface of the product as this will deteriorate the effectiveness of the coating.
- While heating, during use and cooling, place on the REVAMP heat resistant mat. Only hold unit at the end of the handle. Burn hazard. Keep appliance out of reach from young children, particularly during use and cool down.
- The product reaches a very high temperature during operation, please style with caution when using. Make sure to keep away from the scalp and skin to avoid burns.
- Always place the appliance with the stand, if any, on a heat-resistant, stable flat surface.

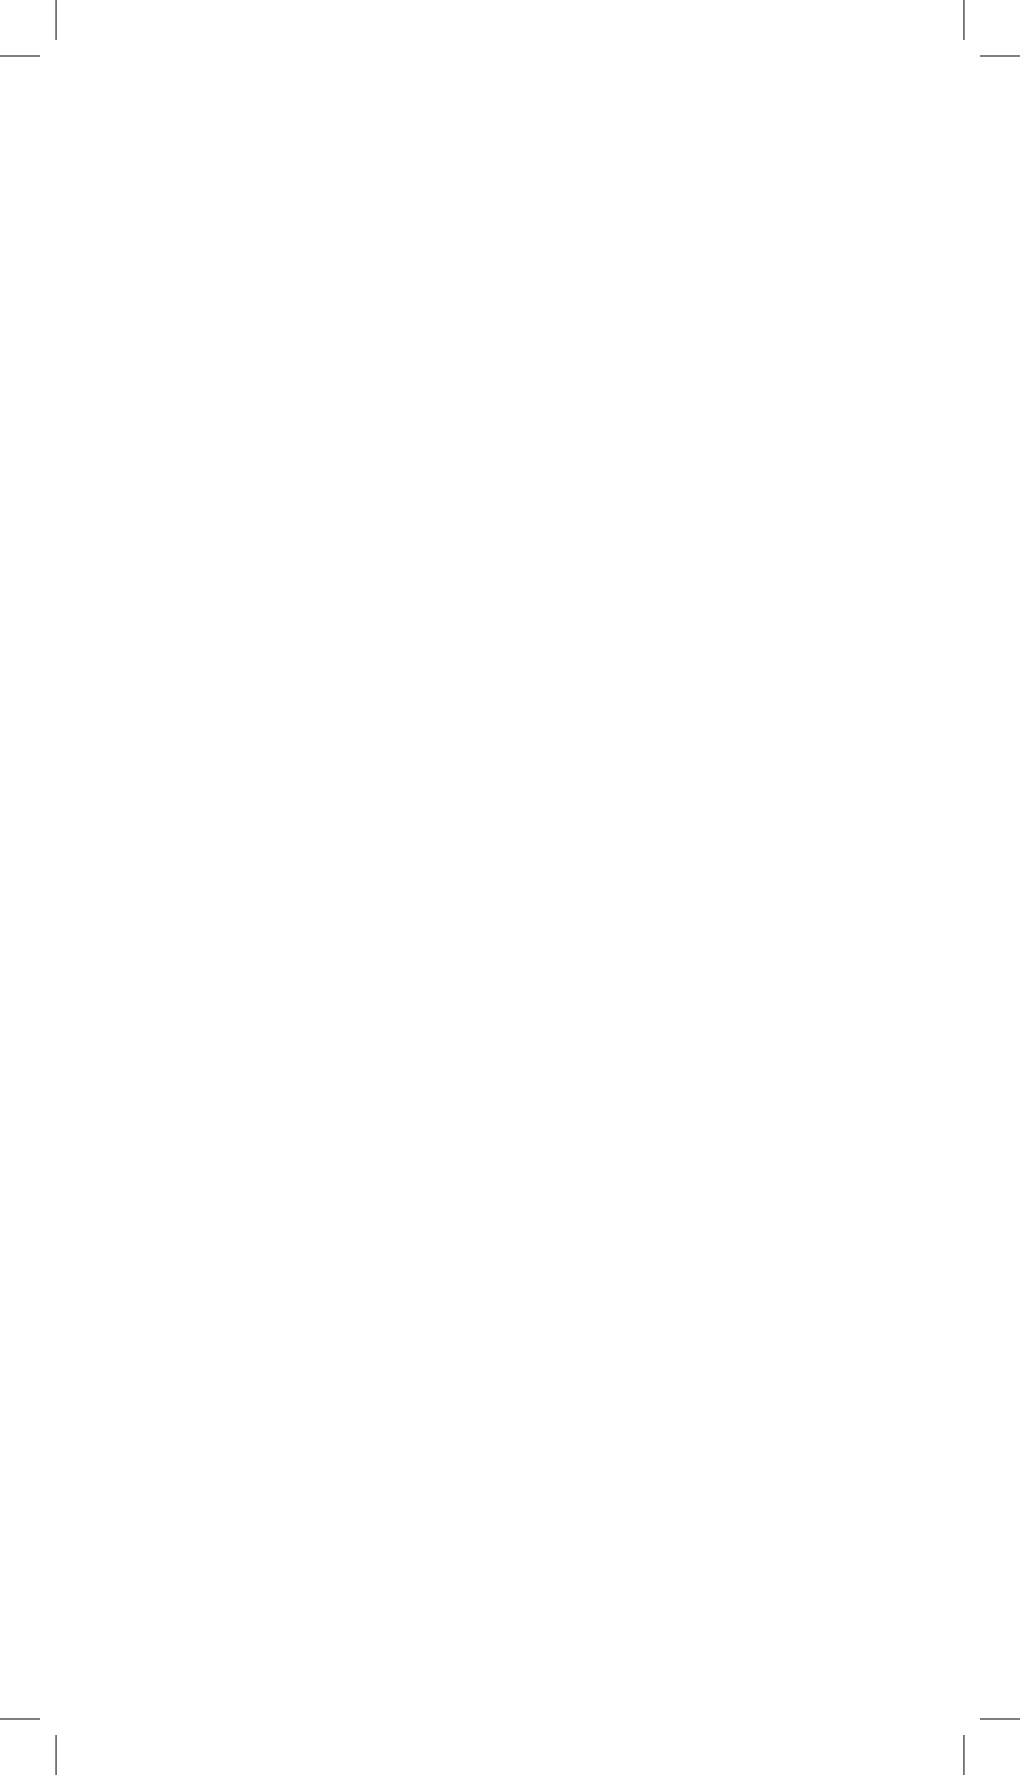

## **AUTO SHUT-OFF**

This appliance has an automatic shut off feature for added safety. If the appliance is switched on for more than 60 minutes continuously, then it will automatically switch off. If you wish to continue using the appliance after this time, press the power button to switch on. Use the temperature control to select your desired temperature.

**This feature should not be considered as a substitute for 'OFF'. ALWAYS REMEMBER TO SWITCH THE APPLIANCE OFF AND UNPLUG FROM THE MAINS WHEN NOT IN USE.**

## **CLEANING & MAINTENANCE**

- **IMPORTANT:** Only filtered water should be used to fill the water tank within your SteamCare straightener.
- Switch the appliance off, unplug from the mains and allow to cool fully before cleaning.
- Wipe over all surfaces using a soft damp cloth. Do not use harsh abrasives or cleaners.
- Do not immerse the appliance in water or any other liquid.
- Ensure all parts are dried thoroughly with a soft towel before reusing.
- To prevent cord damage, do not wrap the cord around the appliance, always store the cord loosely next to the appliance.
- Store in a cool dry place.

## 2-YEAR LIMITED WARRANTY

# HOMEDICS®

**We** or us means HoMedics Australia Pty Ltd ACN 31 103985 717 and our contact details are set out at the end of this warranty;

**You** means the purchaser or the original end-user of the Goods. You may be a domestic user or a professional user;

**Supplier** means the authorised distributor or retailer of the Goods that sold you the Goods in Australia and New Zealand; and

**Goods** means the product or equipment which was accompanied by this warranty and purchased in Australia and New Zealand.

### For Australia:

Our Goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled, subject to the provisions of the Australian Consumer Law, to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled, subject to the provisions of the Australian Consumer Law, to have the Goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. This is not a complete statement of your legal rights as a consumer.

### For New Zealand:

Our Goods come with guarantees that cannot be excluded under the Consumer Guarantees Act 1993. This guarantee applies in addition to the conditions and guarantees implied by that legislation.

### The Warranty

HoMedics sells its products with the intent that they are free of defects in manufacture and workmanship under normal use and service. In the unlikely event that your HoMedics product proves to be faulty within 2 years from the date of purchase due to workmanship or materials only, we will replace it at our own expense, subject to the terms and conditions of this guarantee. The warranty period is limited to 3 months from the date of purchase for products used commercially/professionally.

### Terms and Conditions:

In addition to the rights and remedies that you have under the Australian Consumer Law, Consumer Guarantees Act of New Zealand or any other applicable law and without excluding such rights and remedies warranty against defects:

1. The Goods are designed to withstand the rigours of normal household use and are manufactured to the highest standards using the highest quality components. Whilst unlikely, if, during the first 24 months (3 months commercial use) from their date of purchase from the Supplier (Warranty Period), the Goods prove defective by reason of improper workmanship or materials and none of your statutory rights or remedies apply, we will replace the Goods, subject to the terms and conditions of this warranty.

2. We do not have to replace the Goods under this Additional Warranty if the Goods have been damaged due to misuse or abuse, accident, the attachment of any unauthorised accessory, alteration to the product, improper installation, unauthorised repairs or modifications, improper use of electrical/power supply, loss of power, malfunction or damage of an operating part from failure to provide manufacturer's recommended maintenance, transportation damage, theft, neglect, vandalism, environmental conditions or any other conditions whatsoever that are beyond the control of HoMedics.
3. This Warranty does not extend to the purchase of used, repaired or second-hand products or to products not imported or supplied by HoMedics Australia Pty Ltd, including but not limited to those sold on offshore internet auction sites.
4. This Warranty extends only to consumers and does not extend to Suppliers.
5. Even when we do not have to replace the Goods, we may decide to do so anyway. In some cases, we may decide to substitute the Goods with a similar alternative product of our choosing. All such decisions are at our absolute discretion.
6. All such replaced or substituted Goods continue to receive the benefit of this Additional Warranty for the time remaining on the original Warranty Period (or three months, whichever is the longest).
7. This Additional Warranty does not cover items damaged by normal wear and tear including but not limited to chips, scratches, abrasions, discolouration and other minor defects, where the damage has negligible effect on the operation or performance of the Goods.
8. This Additional Warranty is limited to replacement or substitution only. As far as the law permits, we will not be liable for any loss or damage caused to property or persons arising from any cause whatsoever and shall have no liability for any incidental, consequential, or special damages.
9. This warranty is only valid and enforceable in Australia and New Zealand.

### Making a Claim:

In order to claim under this Warranty, you must return the Goods to the Supplier (place of purchase) for replacement. If this is not possible, please contact our Customer Service department by email: [cservice@homedics.com.au](mailto:cservice@homedics.com.au) or at the address below.

- All returned Goods must be accompanied by satisfactory proof of purchase which clearly indicates the name and address of the Supplier, the date and place of purchase and identifies product. It is best to provide an original, legible, and unmodified receipt or sales invoice.
- You must bear any expense for return of the Goods or otherwise associated with making your claim under this Additional Warranty.
